SCHOOL VISION AND MISSION

Our **vision** is to transform minds and change lives in the pursuit of excellence as a responsive, relational and reflective school.

Our **mission** is to provide the B.E.S.T. education experience through:

1. **Boarding** that develops independence, integrity and emotional intelligence.
2. Excellent and holistic **Education**.
3. **Sports** that builds determination and discipline.
4. Recognising and nurturing **Talents**.

THREE PILLARS OF EXCELLENCE

WIS focuses on the **Three Pillars of Excellence** to achieve our goals:

1. Academic Approach

Active learning in the classrooms engages students to question and think critically. This is complemented by the *Framework for 21st Century Learning* where students apply critical thinking, creativity, communication and collaboration to achieve their learning potential and be prepared for living in the 21st century.

2. Character Building

The Westlake character attributes are developed through a formalised programme throughout our students' time with us. We believe in developing both moral and performance attributes: the former focuses on good moral values and the latter on wise management of life's challenges. Starting from 2019, we will focus on building the Cambridge learner attributes as described in the next page.

3. Community Partnership

Parents are our partners on this journey of providing the best opportunities for their children to become happy and successful people. WIS students learn the importance of meaningful community service, which in turn will develop their leadership and communication skills. Being mindful of the community also includes caring for both natural and built environments.

Cambridge Assessments International Examinations (CAIE) uses 'Cambridge learner attributes' to refer to five highly desirable habits in learning, representing a combination of values, attitudes, motivation, empathy, knowledge and skills.

Confident in working with information and ideas – their own and those of others. Cambridge learners are confident, secure in their knowledge, unwilling to take things for granted and ready to take intellectual risks. They are keen to explore and evaluate ideas and arguments in a structured, critical and analytical way. They are able to communicate and defend views and opinions as well as respect those of others.

Responsible for themselves, responsive to and respectful of others.

Cambridge learners take ownership of their learning, set targets and insist on intellectual integrity. They are collaborative and supportive. They understand that their actions have impacts on others and on the environment. They appreciate the importance of culture, context and community.

Reflective as learners, developing their ability to learn.

Cambridge learners understand themselves as learners. They are concerned with the processes as well as the products of their learning and develop the awareness and strategies to be life-long learners.

Innovative and equipped for new and future challenges.

Cambridge learners welcome new challenges and meet them resourcefully, creatively and imaginatively. They are capable of applying their knowledge and understanding to solve new and unfamiliar problems. They can adapt flexibly to new situations requiring new ways of thinking.

Engaged intellectually and socially, ready to make a difference.

Cambridge learners are alive with curiosity, embody a spirit of enquiry and want to dig more deeply. They are keen to learn new skills and are receptive to new ideas. They work well independently but also with others. They are equipped to participate constructively in society and the economy – locally, nationally and globally.

* Extracted from Education Brief 4: The Cambridge learner and teacher attributes

Westlake International School will adopt the Cambridge learner attributes as it incorporates the WIS character traits but focuses on learning including the 21st-century skills.

ADMISSION OVERVIEW

Applications for admission to Westlake International School are accepted throughout the year but only for the respective terms. All applications for the respective terms must be done within the first two weeks from the commencement of the term. The School Terms and Holidays schedule for 2021 is shown in [Appendix 1](#).

Application for admission at all levels requires the completion of the application form and submission of all the documents required in the application form. Admission is subject to the payment of the appropriate enrolment fee and deposit.

The School's admission policies take into account the student's age, previous schooling, social development and academic abilities. Generally, the School does not consider advanced placement above a student's chronological age and result of entrance assessment as beneficial for the student's academic development or social well-being. Chronological age level table is shown in [Appendix 2](#).

Therefore, the placement of students will be according to chronological age, entrance assessment and interview. Only in exceptional circumstances are students placed in a year group outside their age range.

Placement of a child is determined by the results of the entrance assessment and interview. The results of the entrance assessment may be discussed with the child/parent/guardian. However, the entrance assessment paper will not be made available to them.

LATE ADMISSION

The school allows late admission of the new students within two weeks from the commencement date of the start of term. Thereafter, the students can only register for the following term.

8 | Page

Considerations include: the student's age, previous schooling and school records, time of year of admission, English language proficiency, and achievements in other core subjects. Students transferring from school systems that do not operate on a similar calendar year as WIS will normally be required to repeat part of a given grade level.

REINSTATEMENT

The school discourages acceleration to avoid students losing significant chunks of learning as well as prevent personal and social issues.

However, the school will consider the application for reinstatement to the appropriate age group by skipping a year. For example, a student aged 10 or 11 in Year 4, may request to reinstate to Year 6 in the following year.

All requests for reinstatement MUST be written and addressed to the Principal; received by **30 September**.

Applicants who meet the following criteria will be notified to pay the admin fee and sit for the reinstatement assessment:

- Age falls within the acceptable range for accelerated level
- Current level results (85% in 5 subjects including English, Maths, Science)
- Positive teachers' recommendation on learning attitude and aptitude, personal and social adaptability

Eligible candidates will take the GL Placement Test for the relevant year group to which reinstatement has been requested. This will be conducted after the End of Year Examinations.

Candidates will be informed of the results before school closes to prepare for the following year.

SIBLING DISCOUNT

In appreciation of the trust and confidence shown to the school by our parents, the school provides sibling discounts to the siblings of the first child who enrolls at our school. The first child is defined as the child who is admitted at the highest level of study at the school.

Other than the first child who enrolls with payment of full fees, the brothers or sisters of this student will be given a discount of fifteen per cent (15%) on school fees. All siblings have to pay the full amount of one term deposit without discount.

SPECIAL DISCOUNTS AND SCHOLARSHIPS

The school also provides discounts and scholarships to special groups of people who fall within certain categories. Further details are available at the front office.

Please note that only one fee discount type is applicable for a child at any one

time. **ADVANCE ANNUAL FEE PAYMENT REBATE**

SECURITY DEPOSIT AND WITHDRAWAL NOTICE

A security deposit amounting to ONE-term fee equivalent to the amount for the current year of study must be maintained throughout the duration of the student's study at the school and shall not be treated as fee payment or off-set for any payment. Parents will be required to pay the difference in deposit when their child progresses to the next level in their study which charges higher fees.

For example, if the child is currently in Year 6, the payment is RM 4405 per term, when the child moves to Year 7, the term fee will be RM 6540 per term. Therefore, the top-up in deposit required will be $RM\ 6540 - RM\ 4405 = RM\ 2135$ when the child enters Year 7.

Parents are asked to take note that the deposit payable for ALL students will be the amount of ONE FULL TERM's fees.

For example, even though student X is entitled to 15% off term's fees for Sibling Discount, he will have to pay 100% of term fees as deposit.

The deposit is only refundable at the point of graduation or withdrawal provided that there are no outstanding fees or payments and that the parents/guardian has provided one full term's written notice to the School. Such written notice shall be received by the school before the end of the preceding term. Failure to provide sufficient notice will result in the forfeiture of the deposit.

Please submit your withdrawal notice by the following dates:

- 8 January 2021 for students who intend to leave by End of Term 1, 2021 ●
- 23 April 2021 for students who intend to leave by End of Term 2, 2021
- 21 August 2021 for students who intend to leave by End of Term 3, 2021

RE-REGISTRATION FOR THE NEXT SCHOOL YEAR

Fees for subsequent terms are to be paid on or before the commencement of each term. Students are not allowed to attend classes unless all fees have been duly paid.

REFUND POLICY

School fees and boarding fees are strictly NOT REFUNDABLE. The deposit will be refunded if all the requirements, including the one-term notice period, are met.

LATE PAYMENT

Fees and charges must be paid within the dates specified by the School. A 5% surcharge of term fees pro-rated daily will be incurred on fees which have not been paid by the due date indicated on the invoice.

The school reserves the right to disallow a student from entering a class or registering for exams, if any outstanding fees have not been paid. The school may also withhold any student reports or certificates until the outstanding amount is fully settled.

Students yet to have settled their accounts will be disallowed from returning in the following term. Their enrolment will be suspended for one term after which it shall be terminated.

PROCESSING FEE FOR IMMIGRATION SERVICE

For students holding a non-Malaysian passport, it is the duty of parents to satisfy any visa/permit/other immigration requirements for their children to study at the school. While parents are encouraged to deal with the Malaysian Immigration Office directly, the school does provide such service at a fee. Parents are advised to find out about these additional costs. Parents are entirely liable for all the fees charged by the school and any other incidental costs so incurred.

STUDENTS ACCOUNTS

The school maintains an internal account for every Westlake School student. The account acts as a bill that is sent to parents at the end of the term. Parents must ensure that all outstanding balances (debit balance) be settled within 7 days from the date of the statement. The school reserves the right to offset any fees/expenses that are rightfully incurred by a student against any available credit balance in the student account.

The student account must be settled in full before any student reports or certificates are released to a student.

PUNCTUALITY

It is important that students observe punctuality at school. Latecomers disrupt classroom activities and may result in a student missing critical learning opportunities and affecting his/her grades.

Students who are frequently late will be subjected to disciplinary action.

ABSENT FROM SCHOOL

If a child is unable to attend school due to illness, parents/guardians are expected to send a message to the class teacher via the [Parent Portal WIS2U](#) by 7:40am. When the child returns, a medical certificate (MC) is expected, explaining the absence. For major illness, communicable disease, or injury, the doctor's note should state that the student is well enough to return to class as well as noting if there are any physical restrictions.

If a child is unable to attend school due to other unexpected non-medical circumstances, parents/guardians are expected to send a message to the class teacher via [Parent Portal WIS2U](#) by 7:40am.

For planned absence, parents/guardians are required to send a message via [Parent Portal WIS2U](#) to the relevant Key Stage Head so that the school may be informed and arrangements may be made for missed work.

If a student is reported absent without reason for 2 consecutive days, the school will attempt to contact parents via [Parent Portal WIS2U](#) /phone call to substantiate the absence on the third day. If the school is unable to contact the parent/guardian and there is a prolonged absence from school, the school will consider the child as withdrawn and the deposit forfeited at the end of the respective term.

ABSENT FROM CLASS

Students are not allowed to leave their classes during school hours without permission from their teacher. Students should notify their teacher when they need to leave the class for any reason, such as using the restrooms or going to the sickbay.

Truancy from class is subject to disciplinary action.

ABSENT FROM AN EXAMINATION DUE TO ILLNESS

If a child is unable to attend an examination due to illness, injury or other unavoidable circumstances, parents/guardians must inform the school, preferably in writing or by email, at the earliest point so that the school can help or advise you accordingly.

Provided that acceptable evidence of 'good cause' for such absence (e.g. a medical note) is presented, then students will be granted a right to re-sit. This applies to Mid-year examinations, End of Year Examinations and Trial examinations.

Absence from examinations due to non-critical reasons like vacations will not be accepted.

Absence and late-coming for IGCSE and A Level examinations are governed by the examination guidelines from Cambridge Assessment International Education (CAIE). As a registered CAIE Examination Center the school has to abide by the set examination rules and regulations. Students will be briefed on these upon registration for respective CAIE examinations.

LEAVING SCHOOL CAMPUS DURING SCHOOL HOURS

Students are not allowed to leave the school campus during school hours on a school day without permission from the Principal.

Students will only be allowed to leave school with parents, or a verified adult who produces a letter of authorisation from the student's parents. Similarly, no student is permitted to leave an off-campus school-sponsored event without permission from the teacher in charge.

Prior to leaving campus, the parent or verified adult is to give at least 24 hours notice to the class teacher via [Parent Portal WIS2U](#) or complete an Exit Form at the reception counter in the case of emergency. Once the Exit Form is verified by the Student Services Department, the form should be

given to the guard at the exit gate. The student is only allowed to exit if accompanied by the parent or verified guardian.

STUDENT CONDUCT

Developing students' character traits such as respect, responsibility, integrity, and kindness is our central pillar and student conduct reflects these character values of WIS. To support character development, WIS has categorised student conduct into expected, acceptable and unacceptable behaviours as follows:

Expected student behaviour:

- Behave in an orderly, safe and sensible manner
- Show respect to members of staff and each other
- Arrive on time to lessons, complete assignments on time
- Bring equipment appropriate for the lesson
- Keep mobile phones in their lockers (locked) during school hours.
- In class, make it possible for all students to learn
- Move quietly around the school
- Treat the school buildings and school property with respect
- Wear the correct uniform at all times
- Accept sanctions when given
- Refrain from behaving in a way that brings the school into disrepute, including when outside school

Acceptable student behaviour:

- Make honest mistakes and work towards correction
- Using a laptop or mobile phone during a lesson with the teacher's permission
- Give opinions or feedback to others, including teachers and staff, in a respectful tone
- Follow reasonable instructions given by the teacher
- Appropriate contact with peers and staff (e.g. handshake, high five)

Unacceptable student behaviour:

- Blatant disrespect in the form of lying, cheating, mocking
- Serious misbehaviours as outlined in Appendix 1: Sanctions
- Using a laptop or mobile phone without the permission of the supervising teacher
- Malicious accusations against staff
- Inappropriate contact with staff

STUDENT MANAGEMENT AND WELL-BEING POLICY

The WIS Student Management and Well-Being Policy outlines how students are expected to behave and helps create a consistent environment. WIS uses the **Restorative Justice** approach when

Restorative Justice is an approach to discipline where the focus is on **collaborative problem solving** between affected parties with the intention that harm caused by the misbehaviour can be repaired.

- This approach provides ways to effectively address complex school issues related to behaviour.
- It offers a supportive environment that can improve learning.
- It improves safety by preventing future harm.
- It offers alternatives and effective actions to prevent suspension and expulsion. ● It allows for instances and severity of misbehaviours to be recorded to assess student progress.

Students are required to comply with the regulations of the school listed in the Parent/Student Handbook, Student Management and Well-Being Policy, as well as other school policies and practices. Failure to do so may be grounds for warning and disciplinary action from the school.

The WIS Student Management and Well-Being Policy outlines misbehaviours into stages of increasing severity, which warrant varying degrees of consequences.

	Description	Possible Consequences
Stage 0	<p>Minor offenses that are resolved by the teacher and the student.</p> <p>E.g. disturbing the class, speaking out of turn, not following instructions, lateness, improper personal presentation</p>	<ul style="list-style-type: none"> ● Verbal reminder ● Change of seating ● Confiscate device ● Discipline record
Stage 1	<p>Minor offenses which involve notifying parents and/or boarding house parents.</p> <p>E.g. Continued stage 0 behaviour, damaging or misusing school or other's property, uniform violations, hurtful or offensive remarks, truancy</p>	<ul style="list-style-type: none"> ● Verbal reprimand ● Confiscate device ● Parents will be informed ● Cafeteria duty
Stage 2	<p>Moderate offenses which involve notifying parents and boarding house parents, possibly in a meeting at school.</p> <p>E.g. Continued stage 1 behaviour, bringing controlled substances to school, cheating on exams, harming someone, inappropriate physical contact/ Public Display of Affection (PDA), leaving the school premises</p>	<ul style="list-style-type: none"> ● Apology letter ● Counselling ● In-school suspension ● Meeting with parents
Stage 3	<p>Major offenses which may require an investigation. School Discipline Committee to deliberate on the consequences.</p> <p>E.g. Continued stage 2 behaviour, alcohol/cigarette/controlled substance usage, bullying, racial/religious persecution, fighting, major inappropriate contact/PDA</p>	<ul style="list-style-type: none"> ● Ban from representing school in sports ● Ban on field trips ● In-school suspension ● Meeting with parents ● Warning letters

Stage 4	<p>Very serious or criminal offenses which may involve law enforcement.</p> <p>E.g. Continued stage 3 behaviour, malicious physical assault, theft, possession of illegal drugs, possession of weapons, sexual harassment or assault</p>	<ul style="list-style-type: none"> ● Suspension ● Consideration for expulsion
Stage 5	<p>Very severe or criminal offenses.</p> <p>E.g. Continued stage 4 behaviour involving assault, theft, illegal drugs, weapons</p>	<ul style="list-style-type: none"> ● Immediate and permanent expulsion

***Note: The behaviours and consequences are examples used to discern the severity of any offense. The Principal reserves the right to include any inappropriate behaviour into this policy at any given time, as necessary.*

All WIS teachers uphold the Student Management and Well-Being Policy. Students involved in misbehaviour may be required to write an Incident Report and be interviewed by a teacher or staff.

For serious cases, the WIS Discipline Committee will convene to discuss the matter after gathering all required information and evidence. Outcomes of the investigation will be conveyed to students involved, parents, class teacher and boarding house parent (if the student is a boarder).

If there are any concerns regarding the consequences, parents may appeal by writing to the school. **MERIT AND DEMERIT POINTS SYSTEM**

To effectively record and report on student discipline, WIS uses a merit and demerit points system. These points are independent sums. Merit points can be shown publicly while demerit points are held confidentially.

All non-teaching staff may give points for exemplary behaviour by informing the student's class teacher to key in.

Accumulating merit points will result in recognition and rewards.

Demerit points will be issued to students who violate the discipline policy according to the severity of their offence. When a student has accumulated 30 points, a Warning Letter will be issued to his/her parent or guardian. Parents will also receive a notification when their child is approaching the warning letter and other severe consequences. Multiple Warning Letters may result in suspension or expulsion of the student.

Parents may check how many merit or demerit points their child has accumulated through the student's class teacher.

RESPECT FOR OTHERS

Acceptable personal conduct involves showing proper respect toward others regardless of race, language, age and gender.

Students are expected to respect others, be courteous, helpful, and considerate of school's property

and empathetic to other people's feelings at all times.

17 | Page

All staff, whether teachers, boarding house parents, administrative support, and security staff should be treated with respect by students.

Swearing or vulgar expressions in any language will not be permitted. Students must use polite language and respect the rights of other students.

WHAT IS BULLYING

Bullying is the use of actions with the intention of hurting another person. Bullying results in pain and distress to the victim.

Bullying can be:

- Emotional - being unfriendly, ostracism, tormenting (e.g. hiding books, threatening gestures)
- Physical - pushing, kicking, hitting, punching or any use of violence
- Racist - racial taunts, graffiti, gestures
- Sexual - unwanted physical contact or sexually abusive comments
- Verbal - name-calling, sarcasm, spreading rumours, teasing
- Cyber - bullying that takes place online, such as through social networking sites, messaging apps or gaming sites

ANTI-BULLYING STAND

WIS promotes an atmosphere of mutual respect among students. Bullying of any kind is unacceptable at our school. This policy applies to bullying and cyberbullying by any student whether it occurs inside or outside of the school, and includes the boarding facility.

Bullying is considered a serious offense which will not be tolerated and appropriate discipline actions will be taken which may result in expulsion. If bullying does occur, all students should be able to tell and know that incidents will be dealt with promptly and effectively. Anyone who knows that bullying is happening is expected to inform a teacher.

Details of our school's approach to preventing and addressing bullying are set out in our anti-bullying strategy.

- Students and staff can report incidents of bullying using the Incident Report form and passing it to the Head of Student Wellbeing
- Parents can report incidents of bullying through email, phone, or a visit to the school or they can contact the student's class teacher.
- After the Head of Student Wellbeing receives the case, an investigation will be carried out to assess the intent, number of occurrences, and severity of the offenses. Witnesses will be asked to write their account, CCTV may be checked, and messages may be checked especially in cases of cyber bullying.
- The students involved (bully & victim) will be reconciled through conversations to promote mutual understanding. Counselling is also recommended.
- CE Teachers will conduct school-wide anti-bullying campaign with the students.
- Scheduled PLCs/Newsletters to help teachers identify if bullying is occurring.

CLASSROOM BEHAVIOUR

Classrooms are set up to promote collaborative learning. The same classroom expectations are applied in every lesson. Students are required to talk quietly and politely at all times. Disruptive behaviour will not be tolerated. Students are to listen actively and participate in class lessons.

Students are to meet deadlines for homework and assignments. All written work is to be neat, legible and reflect the pride of producing good work.

Students share the responsibility of keeping the classrooms and the school neat and clean.

Westlake International School believes that the time spent in class is crucial in a student's learning and development. Therefore, students are expected to arrive on time and be prepared for daily classes. They are encouraged to get enough sleep to be fully alert during class. If a student does fall asleep during class, the teacher will wake him/her and warn the student to stay awake and may ask him/her to stand.

TRAFFIC LIGHTS SYSTEM

Each class will have a traffic lights chart to visually monitor individual student behaviour. Our goal is to have all students end the lesson on green. If a student misbehaves after a warning has been given, the teacher may move the student's name to amber (warning). Persistent misbehaviour may result in the student's name being moved to red, where further consequences will be issued (e.g. reflection in the Quiet Corner). The student and teacher will meet at the end of the lesson to discuss a mutual strategy to return the student to green

QUIET CORNER

Students who are persistently disruptive may be asked to sit in the Quiet Corner in the classroom and to fill in a Back-on-Track Action Plan (BoTAP). The purpose of the BoTAP is to help the student reflect on their actions and to suggest ways to get back on track with their learning. Once the teacher has read and approved the BoTAP, the student may re-join the rest of the class.

For serious offences where there is a risk of physical or emotional harm, a student may be referred instead to the Reflection Room in the nearest staff room, where they will complete a Reflection Form or Incident Report. This will be followed by further consequences as per the discipline policy

SCHOOL UNIFORM AND PE UNIFORM

Students are expected to wear WIS uniform whenever they are on the School campus. During special events, students are allowed to wear other clothes, provided the School has given permission for students to do so.

For Muslim students, girls are allowed to wear navy blue long pants or skirt as well as black or white head covering (tudung).

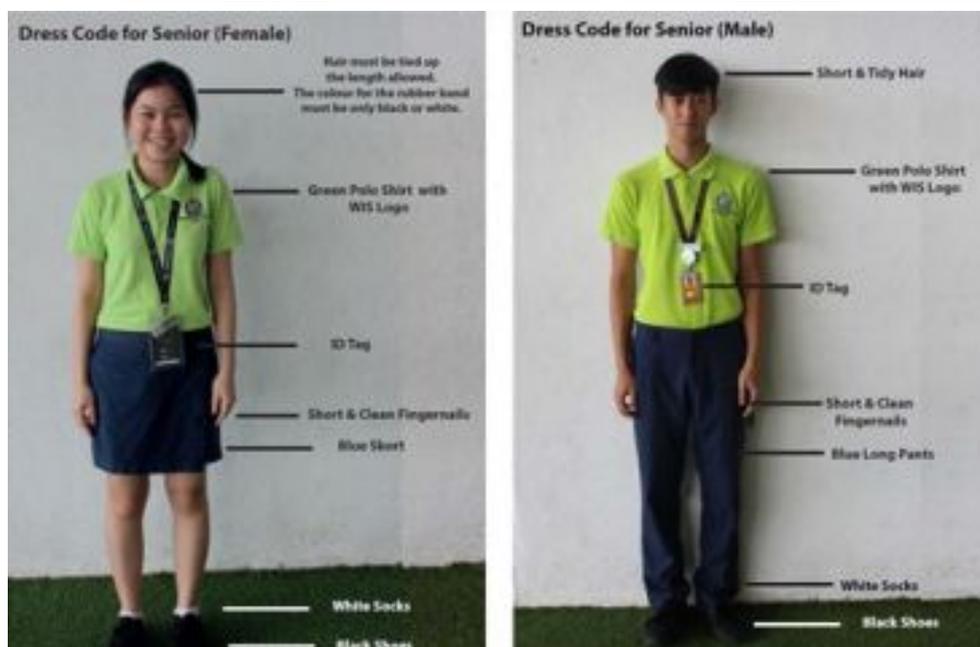

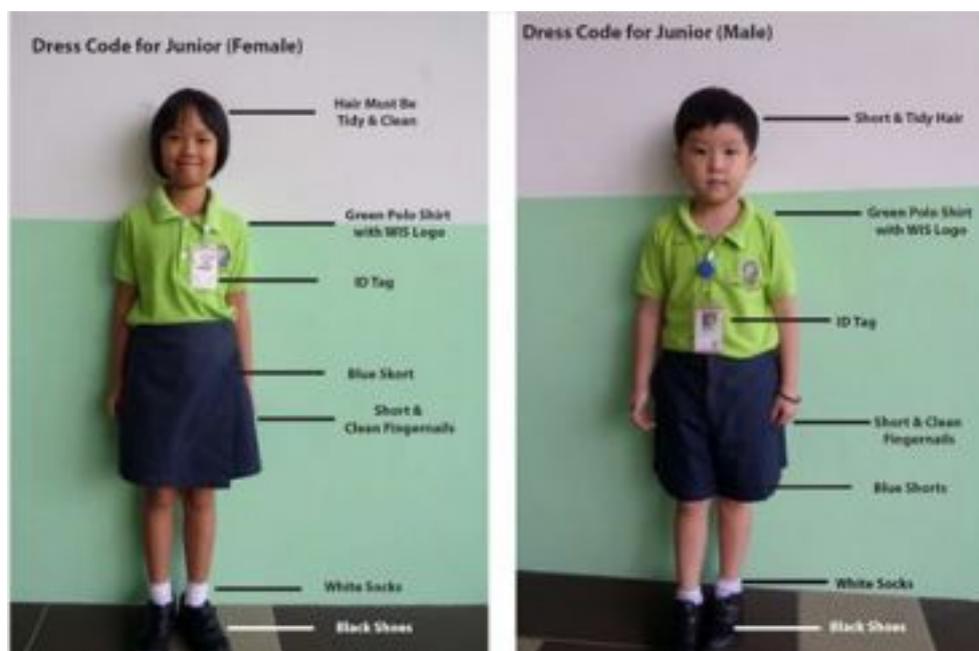

Students who are in a PE class are required to wear their Sports House T-shirt and WIS PE shorts or track bottoms with sports shoes.

Students are required to change before PE class into the school PE shirt and PE shorts/ track bottom and change back to their WIS uniform (including school shoes) after PE lessons.

19 | Page

Owning several (3+) shirts to be used on alternate days is strongly encouraged.

Students must wear their WIS student card at all times when they are in school. WIS student card must be visible to identify them. Students who do not wear their WIS student card will be subjected to disciplinary action and he or she will not be allowed to participate in any of the examinations in the school.

FOOTWEAR

Students are required to wear appropriate black school shoes and white socks covering at least their ankles. Footwear must be worn at all times in the school except for designated areas.

Students who are not in the appropriate footwear must produce a valid medical letter, failing which they will be considered in violation of the school dress code.

MODESTY, NEATNESS AND CLEANLINESS

WIS students are encouraged to be presentable at all times in their dressing and grooming. Students are expected to dress modestly and decently. Worn out, stained or frayed clothing may not be worn to school.

Students are expected to keep themselves neat and well-groomed. Hairstyles should be neat at all times and students are not allowed to have hair colour that is unnatural or dyed. Girls with long hair will be expected to have their hair tied up neatly when in school to avoid any accidents in the science labs and during physical activities. Ribbon or band colours permitted are black, white, blue or green. Boys are expected to keep decent short hairstyles. Hair should be above their eyebrows, ears and collars.

Cleanliness is important for good health and appearance. Students show positive attitudes toward themselves and the school by looking good. Students are not allowed to wear any form of jewellery to school except for religious purpose e.g. bangle for the Sikhs. Girls are allowed to wear small stud earrings or loop earrings up to 1cm in diameter.

VIOLATIONS OF PERSONAL APPEARANCE

Students who violate the dress code regarding personal appearance will be subject to disciplinary action, which may include purchasing a new uniform item or calling the parents to bring an appropriate uniform item to school.

In cases in which a boarding student violates the dress code, the student will be asked to go back to the boarding house and change into an appropriate uniform.

USE OF ELECTRONIC DEVICES

WIS aims to instil discipline in the usage of electronic devices such as laptops and mobile phones, especially during school hours. This policy is in place to guide students in using their devices responsibly. The minimum age requirement for most social media applications is Year 7 and this is to ensure the safety and security of the users. For WIS we recommend that only students aged Year 7 and above be given their own smartphones. A basic, call and SMS enabled phone would be a reasonable option for those younger students.

As required by the school's Technology Learning Plan, all Secondary students will be required to come to school with a school approved device.

Students in Year 7, Year 8 and Year 9 are required to have a tablet device (as prescribed by the school) to access the Digital Learning Platform during school hours. Students are required to purchase the tablet proposed by the school through the authorized school vendor.

Students in Year 10, Year 11, Year 12 and Year 13 are required to have their own device in the form of a tablet or personal laptop.

Smartphones will not be considered acceptable or appropriate devices for learning.

Students are required to keep their devices locked in their lockers when not in use. The school will not be responsible for any loss of electronic devices. Students are allowed to use their handphones to communicate with their parents after dismissal but not to play non-academic games or videos.

Any student using a handphone or other device without the permission of staff will have the phone confiscated for 3 school days. Subsequent offences will result in a longer period of confiscation.

ACADEMIC HONESTY

We expect honesty in the actions of all members of the school community.

Students are expected to produce their own work. They must not pass off another's work as their own. The work submitted to a teacher should be the student's own work or should be correctly referenced.

Examples of academic dishonesty:

- Cheating on tests and exams, for example by copying, talking or sharing work. ●

Copying homework or giving permission for another person to copy one's own work.

- Plagiarism (Plagiarism is defined as taking another person's ideas, from the Internet or otherwise, and claiming them as one's own.

Consequences

Should a student be found to have been dishonest in exams, tests and individual assignments, the student will be given a zero score. Parents will be informed of the dishonest act.

The teacher will make a comment on the homework of students who copy homework or give permission for another person to copy his/her own work. No marks will be awarded for copied work.

Plagiarised work will be rejected and must be correctly done. The teacher will explain to the student about the seriousness of claiming other people's ideas as their own without acknowledging the source. The student will be advised on how to avoid plagiarism in future work assignments.

It is the responsibility of parents to encourage academic honesty in their

children. LANGUAGE POLICY

WIS is an international school that offers the Cambridge curriculum which uses English as the medium of instruction. As English is recognised as an international language of communication and commerce, it would be of great advantage to our students to use only English as a language of daily communication while they are in the school campus.

WIS believes that mastering any language is something that is not only useful but enriching and fulfilling. Besides the language policy put in place to encourage the speaking of English, there are English language events organised throughout the year for students to hone as well as showcase their linguistic abilities. The objectives are to motivate students to improve in their use of the language as well as to create a love for English.

Students and staff are therefore **expected to speak the English language at all times** within the school buildings and on the school grounds. Although we acknowledge and appreciate that students face great challenges when speaking in a language other than their mother tongue, we believe the best way to learn English is by immersing in an English-speaking environment. This is especially true for second language speakers (ESL) who are new to the school.

If a student, who is capable of conversing in English, repeatedly chooses to ignore the teacher's requests to use the English language within the school buildings and school grounds, the student will impair efforts to build an English-speaking environment.

Other languages such as Chinese and Malay should be spoken only during class time when the students are studying these languages or language-related events. This rule applies to students who are involved in learning other foreign languages.

CURRICULUM AND INSTRUCTION

The school's curriculum is broad, balanced, interesting and adheres to the requirements of the Cambridge International Assessment Education (CAIE). The CAIE syllabus provides guidance for English, Mathematics, Science, Global Perspectives, Art, Physical Education and Music.

Provisions are made for the learning of Malay as a Foreign Language in accordance with the requirements of the Ministry of Education Malaysia. In addition, we offer the learning of Mandarin as an additional language at First Language, Second Language or Foreign Language Level.

To provide students with an enriched experience, whilst equipping them with 21st Century ready skills, the school has embedded Character and Career Education, Coding, Programming and Robotics(ScopeIT) and Google Applied Digital Skills as part of our curriculum offering.

PRE- PRIMARY

Early Years

The Early Years is a one-year foundation stage leading to formal primary education in Year 1. The areas of learning are communication, language and literacy, mathematics, the world around us, physical development, personal social-emotional development, and expressive arts and design.

It is designed and delivered as a play-based curriculum which allows children to explore and learn in an environment that is secure and safe, yet challenging. Children learn in self-contained classrooms with most subjects being taught by their homeroom teacher.

Children are assessed at regular intervals using classroom observations against the intended learning outcomes.

PRIMARY

Key Stage 1

In Years 1 and 2, the instructional programme is based on the Cambridge Primary Curriculum for the core subjects of English, Mathematics and Science. In addition, students develop key skills in the areas of Mandarin, Malay, Physical Education, Music, Art, Character Education and ScopeIT.

The focus of learning in Key Stage 1 is on developing core competencies that will allow success in the upper primary level. Classroom instruction is designed to be interactive and student-centred promoting communication and creative thinking.

Children are assessed at regular intervals using structured formative assessments against the intended learning outcomes outlined in the Cambridge Primary curriculum.

From Year 3 to Year 6, the instruction continues using the Cambridge Primary Curriculum and expands to include Global Perspectives.

Children are assessed at regular intervals using structured formative assessments against the intended learning outcomes outlined in the Cambridge Primary curriculum.

The use of the GL Progress Tests for English, Mathematics and Science provides detailed information of specific areas of progress for each child in different areas of the syllabus. This is a diagnostic assessment tool which provides an indicator of students' strengths and areas for improvement.

SECONDARY

Key Stage 3

Year 7, 8 and 9 cover the crucial lower secondary years leading into IGCSE. At Key Stage 3, the curriculum adheres to the Cambridge Secondary 1 learning outcomes for the subjects of English, Mathematics, Science and Global Perspectives. In addition, students will take Mandarin, Malay, Physical Education, Music, Art and Google Applied Digital Skills, Character and Career Coaching.

Students will access the online learning platform Google Classroom via their tablet. This is part of the school strategy towards developing 21st-century skills.

Formative assessments at Key Stage 3 are rigorous and conducted at regular intervals to ensure that students' progress is monitored.

In Year 7 to Year 9, the GL Progress Tests for English, Mathematics and Science provides detailed information about specific areas of progress for each child in different areas of the syllabus.

This diagnostic assessment tool provides guidance for selection of IGCSE subjects in Year 10 together with the results of the Formative Assessments.

Key Stage 4

In Years 10 and 11, students are prepared for Cambridge International General Certificate of Secondary Education (IGCSE) examinations. This two-year course is rigorous and requires committed study for each subject selected.

The following subjects are compulsory study for IGCSE :

- English as a First Language or English as a Second Language
- Mathematics
- Malay as a Foreign Language (for Malaysian students)
 - *The IGCSE examination for this subject is completed in Year 10.*

Students will select a maximum of 6 other subjects from the following list to complete their IGCSE course:

- Additional Mathematics
- Biology
- Chemistry
- Physics
- Accounting

- Business Studies
- Economics

24 | Page

- Geography
- Art and Design
- ICT
- Mandarin as a Foreign Language, or Mandarin as a Second Language, or Chinese First Language

In addition, Character and Career Coaching is embedded into the curriculum. **Key Stage 5 (A Level)**

The A Level programme is an 18-month programme starting in January or a 24-month programme starting in August. It is a 'staged' course with the AS examinations taken first and then completed with the final A Level examinations in May of the following year.

A range of subjects is offered at A Level, subject to students' ability and aptitude. Please refer to the A Level Prospectus for further information.

CO-CURRICULAR ACTIVITIES

The school provides a wide range of Co-Curricular Activities (CCA) for students from Years 3 to A-Levels as part of our commitment to a holistic and balanced education. The CCA provision at school comprises two parts; both of which are compulsory.

House Sports run on Mondays from, from 8:00am to 9:20am. Students will rotate through practising 20 different sports according to their houses. This would lead to participation in Sports Day and the House Cup Challenge.

Clubs and Societies meet on Wednesday from 3:15 to 4:20pm. Students will be briefed about the CCA's available for 2021, and will be given the opportunity to register for a society of their choice.

SCHOOL SPORTS TEAM & SPORTS DEVELOPMENT PROGRAMME

There are 9 School Sports teams which are open to all students. Selection for the School Sports team will be via the Talent ID sessions. Selected students will have to attend the scheduled training sessions, participate in competitions and uphold good conduct.

In addition, there are 3 Junior Sports development programmes which are open to any students keen to build their skills.

INSTRUCTION

Our instructional approach is guided by the *Framework for 21st Century Learning*. The focus of teaching and learning is on producing students who are skilled collaborators and communicators; inventive thinkers and problem solvers; self-directed and self-regulated learners; and skilled users of a wide range of fit for purpose technologies.

Classroom learning sequences are designed with a particular focus on developing the four core 21st Century skills of;

- Collaboration
- Creativity and Innovation

- Critical Thinking and Problem Solving
- Communication

25 | Page

This allows for rich, authentic, student-centred learning experiences with seamless integration of ICT literacy across all levels. The core subjects of English, Mathematics and Science; are each taught using a specific pedagogical approach which merges the 21st Century Skills with rigorous content knowledge.

ACADEMIC SUPPORT

REMEDICATION & INTERVENTION

Remedial support is provided for students who are falling behind in their understanding and application of knowledge, ideas and concepts taught in class. Depending on student needs, this may come in a variety of forms including scaffolded homework practice, targeted revision and after-school small group teaching.

Intervention support is provided for students who have significant gaps in their knowledge which is hindering their academic progress. Intervention usually takes the form of Peer Tutoring or after-school small group teaching.

The decision to provide Remedial or Intervention support is made by analysing students' results and based on the recommendations of teachers.

ENGLISH PROFICIENCY PROGRAMME (E-PROP)

The school is committed to supporting pupils for whom English is not the first language. As students receive their instruction mainly in English, reasonable achievement expectations must be met to protect both the child and the learning environment. These programmes are recommended to specific students at the point of enrolment after considering English placement test results. An additional fee is applicable for these programmes.

PROGRESS REPORT

Students' progress reports are recorded **twice** a year and will be given out before or during Parent-Teacher Meeting (PTM) to facilitate a fruitful discussion to support students' progress in school.

EXAMINATIONS

Examinations are an integral and important part of assessing students' progress. It is the policy of the school that they are taken only during regularly scheduled times.

LEVEL	Mid-year Examinations	Trial Examinations	End-of-year Examinations
Key Stage 1	Non-examinable		

Key Stage 2	Formative Assessments		
Key Stage 3	Formative Assessments		Year 8, Year 9 (Malay & Mandarin)

28 | Page

New students admitted throughout Term 1 and Term 2 will be required to sit for all scheduled Formative Assessments. They will only receive their Progress Report in Term 3.

New students admitted in Term 3 will be required to sit for all scheduled Formative Assessments. However, they will not be issued a Progress Report as it would not accurately reflect the learning for the year.

Exceptions to examinations are only made in extreme circumstances and serious emergencies. Requests for exceptions to the school's policy and must be made in writing to the Principal **six weeks** before the start of exams and are granted by the Principal. Failure to provide proper notification and appropriate supporting documentation will result in a score of zero (0) for the exam.

PROGRESSION

Automatic Promotion

All students in Key Stage 1 will be promoted automatically to the next level. In circumstances where a student exhibits issues that inhibit their learning, and upon professional advice, the school will recommend retention in Key Stage One.

For students in Key Stage 2 and Key Stage 3, the criteria for Automatic Promotion is to achieve a minimum 50% final grade in 3 out of the 4 followings:

- i. English Language
- ii. Mathematics
- iii. Science
- iv. average of all other subjects

For students in Year 10, the criteria for Automatic Promotion is to achieve a minimum 50% final grade in English and 4 other IGCSE subjects.

Conditional Promotion

Any student who fails to meet the criteria for Automatic Promotion as stated above will be given a Conditional Promotion into the next level.

Students who are at risk for Conditional Promotion will be issued a Caution Letter in Term 2, to allow them sufficient time to work towards Automatic Promotion.

Where students do not meet the criteria for Automatic Promotion and are given a Conditional Promotion, they will be subject to the following conditions :

- To meet the criteria for Automatic Promotion in the subsequent year
- Adheres to the **age boundaries** set for the respective year group

- Joins any **Peer Tutoring / Intervention Programme** scheduled and advised for

Retention

Any student who fails to meet the criteria for Automatic Promotion 2 years consecutively, and after being given a Conditional Promotion, will be subject to Retention.

29 | Page

This is to allow the student the opportunity to close the gaps in learning and build the required skills and knowledge to succeed in the higher levels.

Students who are at risk for Retention will be issued a Warning Letter in Term 2, to allow them sufficient time to work towards Automatic Promotion.

HOMEWORK

The purpose of homework is to reinforce learning in school, help with the practice of skills and retention of knowledge as well as promote independent learning and self – discipline. Homework assignments are intended to be relevant, challenging and meaningful; as a means to support and extend classroom learning objectives. The intention of homework is to provide students with the opportunity to apply information learned, prepare for learning and develop critical thinking skills. Homework IS NOT intended to be rote drill exercises or memory work.

Homework assignments may include a range of the following:

- Reading and oral work
- Practice exercises that support classroom instruction
- Extension assignments to transfer new skills or concepts to new situations ● Creative activities to integrate many skills toward the production of a response or product ● Journal or reflection writing activities
- Research readings
- Note making / graphic organizers / mind maps to support learning
- Online quizzes or Google Classroom assignments
- Major Projects : Research Reports, Interdisciplinary Problem Projects, Book Reports

The actual time required to complete homework assignments will vary at different levels and is dependent on each student's study habit, aptitude, and selected course load.

If your child is spending an inordinate amount of time doing homework, you should contact your child's teachers. Students are encouraged to pursue non-assigned, independent, leisure reading.

LATE WORK

Students are expected to turn in their work on time. Students will be given fair warning when they are late in their submissions. Parents will be informed via the WIS2U Parent Portal if students are consistently late in the submission of assigned work.

RESPONSIBILITIES OF STAFF

Assign relevant, challenging and meaningful homework that reinforces classroom learning

- Give clear instructions and make sure students understand the purpose
- Give feedback and correct homework

30 | Page

- Communicate with other teachers
- Involve parents and contact them if a pattern of late or incomplete homework develops

RESPONSIBILITIES OF PARENTS

We encourage parental involvement in the process of their child's education. Guidance will be sent to parents at the start of the school year explaining our homework policy and strategies of how to support your child. Teachers will update homework assigned to students on the WIS2U Parent Portal for parent reference.

Parents can support their child in the completion of homework through the following :

- Set a regular, uninterrupted study time each day
 - Establish a quiet, well-lit study area
 - Monitor students' organisation and daily list of assignments in the "WIS School Planner" and WIS2U Parent Portal.
 - Help students work to find the answer, not just get it done
 - Be supportive when the student gets frustrated with difficult assignments ●
- Contact teacher to stay well informed about the student's learning process

RESPONSIBILITIES OF STUDENTS

- Write down assignments in their "WIS School Planner" and use the Google Calendar function in their Google Classroom.
- Be sure all assignments are clear; don't be afraid to ask questions if necessary
- Set aside a regular time for studying
- Find a quiet, well-lit study area
- Work on homework independently whenever possible, so that it reflects student ability.
- Produce quality work.
- Make sure assignments are done according to the given instructions and completed on time.

COMMUNICATION CHANNELS BETWEEN SCHOOL AND PARENT

One of the most important factors leading to the success of our school is the communication between parents and the school. By maintaining effective, open communication channels, potential problems can be avoided.

The education of all students is clearly a partnership between teachers and parents. To this end, an effective line of communication between these two groups is essential. The Class Teacher/Home Room Teacher should be the first point of contact when there is any level of concern. These teachers will have the most contact with the students at school and are in the best position to discuss their

progress.

The following are ways that parents can be kept informed of their children's activities, academic progress, school events, etc.

SCHOOL/PARENT COMMUNICATION PORTAL - WIS2U Parent Portal

WIS2U is the dedicated web-based communication portal between teachers and parent. All parents are required to provide the school with their email addresses as it will be used to create their login access to WIS2U. The password for the login access to WIS2U will be sent directly via email, to the

31 | Page

email address provided by the parent. Parents are required to have internet access on a laptop or mobile in order to receive updates from the school on matters pertaining to their child.

It is the school's intention to have all our parents accessing WIS2U and use it as the main communication tool to communicate to the school.

EMAILS

In addition to the use of WIS2U important school updates and other relevant information will still be sent via email. It is important that parents maintain a valid and accessible email address with the school. Parents are reminded to update their contact details with the school.

SCHOOL PLANNER

The main purpose of the School Planner is for the student to note the homework for each day. Although the school is using WIS2U as the main communication portal, the planner is used as a complementary means. Parents may use the planner to send documents, for example, medical certificates of the child to the class teacher.

Parents should look at and sign the School Planner once each week or more frequently if they have concerns about their children's completion of homework or behaviour at school.

SCHOOL WEBSITE

The school website is updated regularly to keep you informed of activities, events, and on-going services. Log on to www.westlakeschool.edu.my to view.

NEW PARENTS ORIENTATION

In conjunction with the orientation week, the school will host a new parents orientation for new school families, and orientation for new boarding parents.

Parents are encouraged to attend this informal event, as the school seeks to answer any questions they may have, and become better acquainted with the school.

PARENT-TEACHER COMMUNICATION

Direct communication between parents and teachers can often be very helpful in understanding particular children's needs and to sort out day-to-day problems. However, a teacher's prime responsibility is to teach. They are not permitted to leave the classroom to meet with parents or take phone calls.

We hope that parents will bear this in mind when contacting a teacher. The best initial contact is via

WIS2U or by email. If parents wish to speak to a teacher on the phone, they will be expected to leave a message requesting the teacher to phone back once a teacher is not occupied in the class. Often, the teacher may not be able to return the call until the end of the school day.

Parents may request a meeting with a teacher at a mutually convenient time. Please contact the school office to request and arrange a meeting time. If you arrive without an appointment, the teacher you wish to see may not be available.

32 | Page

For urgent matters, parents may contact the principal or heads of school directly who will always try to be available to deal with the problem.

PARENT-VOLUNTEERS

We believe that parents in our community have a great deal to offer in complementing the work that we do with students. Parents are encouraged to contact the front office to volunteer in their areas of expertise. The parent-volunteers may be involved in industrial expert talks or assist in school and community activities throughout the year.

INFORMATION BOARDS

Information bulletin boards are located in various locations around the school campus. Student work is displayed on the boards and parents are invited to stop by and take a look regularly. School events and activities are posted on the information boards.

Students and parents must have School approval before posting anything on these boards or around campus.

ENQUIRIES AND COMPLAINTS

Complaints which are related to teaching and learning should be handled first by contacting the classroom teacher directly. If the matter is not resolved satisfactorily, the parent may contact the Principal.

Issues related to social and emotional wellbeing can be directed to the Class Teacher or the Student Well-being Coordinator.

Questions related to tuition fees and other payments should be directed to the Finance Office staff.

Matters related to student services should be directed to the Head of Student Services and matters related to facilities should be directed to the Head of Estate Management.

Matters related to the boarding house should be directed to the respective boarding house parents. If the matters are not resolved satisfactorily, the parent may contact the Boarding Director.

STUDENT RECOGNITION

The WIS awards programme is designed to recognise both outstanding academic and extracurricular achievement. Awards are intended to provide motivation for students to achieve high standards in the areas of academics, sports, community service, and character leadership. Awards will be given at a special awards ceremony at the start of each academic year. These award ceremonies are held to recognise students publicly for their achievement.

CHAIRMAN'S AWARD

For Year II, this award is given to the graduating student who has achieved academic excellence and who exemplifies outstanding character, sportsmanship, contributions to school or community, as well as leadership.

SPECIAL EVENTS

School events for the academic year have been scheduled in the School Calendar. The Calendar will be distributed to parents at the start of the year and available online on WIS2U. Parents will also be sent updates and relevant information regarding school events as required. The key school events planned include but are not limited to the following listed below.

PARENT-TEACHER MEETINGS

At the end of each term, parents will be invited to meet the teachers to discuss their children's academic performance progress reports, character development and extra-curricular participation.

INFO SESSIONS

Held during the first three weeks of each school year, parents are invited to a tea session to learn of the school's approach to academics, communication with parents as well as any new initiatives for the year. It is also an excellent opportunity to network with teachers and staff who will be involved in your child's development.

CULTURAL CELEBRATIONS

A WIS student is expected to be open-minded to the values and traditions of different cultures. An excellent way to do this is to celebrate different festivals such as Chinese New Year, Hari Raya, Deepavali, Christmas and the main festivals of other nationalities.

INTERNATIONAL UNDERSTANDING WEEK

International Understanding Week is planned to promote peace, trust and global understanding amongst the students of various nationalities at WIS.

STEM PROGRAMME

The STEM Programme at WIS aims to enhance the learning of science, technology, engineering and mathematics (STEM) outside the classroom. The activities under the STEM Programme include the STEM Exhibition, STEM Challenge, International Competitions and Assessments for Schools (ICAS) and the Maths Olympiad. This programme aims to foster inquiring minds, logical reasoning and collaboration skills.

STEM LEARNING JOURNEYS

As part of the STEM Programme, one-day Learning Journeys are organised to support and complement the STEM curriculum in school. These Learning Journeys provide students with

experiential and multi-disciplinary learning to embed, extend and enrich classroom learning. Learning Journeys are carefully planned to allow students to make authentic connections between STEM subjects and the world they live in.

CARNIVAL DAY

Every alternate year, WIS organises a fun-filled, fundraising event called the Carnival Day. It is a day where all stakeholders of WIS and the community at large collaborate and partner towards organising food and good sales, games and workshops, all for a good cause. In the past, WIS has

35 | Page

raised substantial funds during this day and the proceeds have been channelled to local organisations who work with the marginalised groups of people, such as the handicapped, orphanages, old folks home and the orang asli community in Perak.

TEACHERS' DAY

Celebrated by students to show appreciation to the teachers and staff, WIS takes this opportunity to teach our students to show gratitude and appreciation to their teachers. Students will be encouraged to use their creativity to show their appreciation rather than the usual tradition of buying gifts.

SPORTS DAY

Each year the school participates in a sports day, organised by the PE department with the help of parent volunteers. This is a regular school day and attendance is mandatory for students. Parents are encouraged to attend and participate in the event.

AWARDS DAY

This is an annual event to celebrate our students' achievements and outstanding contributions both in and out of school. It is important to acknowledge and recognize the efforts which our students have put in during the year and it is equally important for our parents to celebrate this wonderful event together with their children.

WOW CONCERT & X DAY

Students' talents are showcased in musicals, concerts as well as Wind Orchestra 'Westlake (WOW) and Co-curricular performances. These performances are directed by the Music Department in collaboration with the respective co-curricular bodies and have received encouraging support from the media.

GRADUATION CELEBRATIONS

Graduation is celebrated after students have completed a milestone in their learning journey as follows:

- Year 6 marks the completion of primary school
- Year 11 marks the completion of IGCSE exams and secondary school
- Year 13 marks the completion of A Level programme

Detailed information about date, time, and nature of the event will be provided to parents and staff in due course.

STUDENT DEVELOPMENT CAMPS

At the Secondary level, Student Development camps are organized to facilitate the development of personal, social and emotional skills. The Student Development Camps are an integral component of the Character Education programme at WIS. These camps provide a range of empowering and challenging activities that promote the development of communication skills, leadership, positive self-image, self-expression and social awareness. The extended time outdoors provides opportunities for guided socialization and the development of healthy, respectful relationships.

36 | Page

Camps for each year group build progressively on the in school learning of the CE programme. These camps are provided by independent, external vendors in close collaboration with the school to ensure that it meets the needs of our students. Camp vendors are thoroughly vetted to ensure the safety, security and wellbeing of all students.

CAMPUS SAFETY AND SECURITY

The safety and security of students, staff and campus visitors is of paramount importance to WIS. Keeping the school campus environment healthy is equally important. Therefore, the school utilises a number of important measures to ensure safety and security and a healthy environment.

NON-SMOKING CAMPUS

WIS is strictly a non-smoking campus in order to protect the health of our staff and students from the damaging effects of inhaling second-hand smoke. Anyone who is on the campus, whether staff, students or visitors, will be required to comply with this rule and breaking of this rule will lead to action being taken. Staff and students will face disciplinary action and visitors will be asked to leave the campus.

CCTV

A Closed Circuit Television system is in operation on the school campus. The system covers all entry and exit points as well as a number of key areas.

SECURITY GUARDS

The school employs security guards who have been well screened. They provide twenty-four hour security protection on campus, including the boarding houses. The security guards also provide traffic control during peak hours when parents drop off or pick up their children.

They have been given strict instructions by the school to check every visitor who comes to the school. Parents are expected to comply with their requirements to show photo identification of themselves and information of appointments made with the school.

In the event that no appointment has been made, the security guard will direct parents to the school Reception to see the Front Office staff. Parents will not be allowed to enter restricted areas of the school grounds without prior arrangements.

CAMPUS VISITORS

All visitors to the school campus must provide photographic proof of identity and have a legitimate purpose for being on campus. All visitors will be asked to fill up a Visitors Form indicating their name, contact number and purpose of visit. This Visitors Form must be signed by a member of WIS staff to validate the purpose of the visit. Upon exit, the visitor must return the completed Visitors Form to the security guard for clearance. Visitors must wear the visitors tag while they are on campus.

EMERGENCY CONTACT WITH PARENTS

In an emergency, parents will be contacted by short message service (SMS) or by a phone call. It is essential that updated mobile phone contact numbers be given to the school.

37 | Page

FIRE DRILL PROCEDURES

Fire drills will be conducted on a regular basis to train staff and students on the standard evacuation procedures. Parents are requested to explain to their children the importance of obeying the procedures of a fire drill as this will save lives in the event of a real fire.

LOCKDOWN PROCEDURES

Lockdown procedures are put into operation when students have to be kept within the school building to protect them from any external threats. There will be briefings and drills performed yearly to familiarise staff and students in the school with regards to this procedure.

SWIMMING SAFETY PROCEDURES

Students swimming on any school-sponsored activity must be supervised by an adult within reasonable proximity at all times. Water safety guidelines are to be observed in any swimming activity.

- No student may enter the pool grounds without a supervisor present.
- No student may be in the pool without a supervisor visually present.
- No one with sores, wounds, or contagious conditions may enter the pool.
